Nina Patel - Healthcare Data Scientist

Contact

Email: nina.patel@healthai.org | Phone: (555) 030-2233 | Location: Atlanta, GA

Summary

Healthcare Data Scientist with 5 years experience analyzing Electronic Health Records (EHR), medical imaging, and clinical text using NLP, PyTorch, and HIPAA-compliant data pipelines.

Technical Skills

ML & Bio-NLP: PyTorch, BioBERT, SpaCy Clinical, Scikit-learn, DICOM, MONAI
Healthcare Standards: HIPAA, FHIR, ICD-10, SNOMED CT
Data & Programming: Python, R, SQL, PostgreSQL, AWS HealthLake

Work Experience

Senior Healthcare Data Scientist - BioHealth Solutions (2021 - Present)
- Developed NLP pipeline extracting diagnosis codes from unstructured doctor notes with 94% F1-score.
- Designed HIPAA-compliant anonymization module for clinical datasets.

Biomedical Data Analyst - Emory Health (2019 - 2021)
- Processed MRI and CT DICOM scans for computer vision classification models.

Education

M.S. in Biomedical Informatics - Emory University
B.S. in Computer Science - Georgia Tech
